

PristineFlora[®] Zoysia

- ▶ PristineFlora[®] Zoysia grass is ideally suited for turfgrass uses that crave a presentation of pristine luxury.
- ▶ PristineFlora[®] may be used on golf course fairways, roughs, collars and tees.
- ▶ PristineFlora[®] creates gorgeous high-end lawns.

Benefits and Care of PristineFlora[®] Zoysia:

- ▶ Drought tolerant.
- ▶ Beautiful deep green color.
- ▶ Fine leaf texture.
- ▶ Establishes quicker than other fine-textured Zoysia grasses.
- ▶ Significantly fewer grass seed heads than other fine-textured Meyer-type Zoysia grasses.
- ▶ Shade tolerant.
- ▶ Fairly salt tolerant.
- ▶ High traffic tolerance.
- ▶ Tolerant of most herbicides.
- ▶ Resistant to the Chinch Bug insect.

Windsor CC, Vero Beach, FL
